

We Are Hiring: AI Engineer

We are urgently looking for experienced AI Engineers to join a high-impact project. If you have strong AI/ML foundations and hands-on experience building intelligent systems, we would love to hear from you.

- ✅ Experience: 3–7 years
- ✅ Employment Type: Full-time preferred; contract applicants are also welcome
- ✅ Location: Dhaka, Bangladesh
- ✅ Joining: Immediate / Urgent

Technical Requirements

- ◆ Strong programming skills in Python or similar languages
- ◆ Deep understanding of AI/ML, LLMs, transformers, prompt engineering, and model fine-tuning
- ◆ Understanding of MCP and A2A protocols
- ◆ Experience with LangChain, LangGraph, Hugging Face, OpenAI API, AWS Bedrock, or similar technologies
- ◆ Knowledge of autonomous agent architectures, multi-agent systems, and planning algorithms
- ◆ Familiarity with reinforcement learning, knowledge graphs, or symbolic reasoning will be an advantage
- ◆ Working knowledge of SQL and data analytics
- ◆ Experience with AWS or Azure cloud platforms

 Interested candidates are requested to send their updated CV to:

career@streamstech.com

Please mention “AI Engineer” in the email subject line.
